

Good Morning Blues Lyrics

*Good morning blues, blues how do you do
Good morning blues, blues how do you do
Well I'm feeling just fine, Mad Dog how about you

*Well I'm up in the morning and the blues all 'round my head
Yeah I'm up in the morning and blues all 'round my head
Well I sit down to breakfast but the blues walked across my bread

**Well I tell all you people that the blues best friend around
I tell all you people the blues best friend around
Well it's the only friend won't leave you when you're feeling down

**Good morning blues, won't you have a cup of coffee with me
Good morning blues, won't you have a cup of coffee with me
I'm feeling kind of lonesome, I need your company

*Traditional Lyrics
