

*Harmonica Cadillac* Lyrics

Well got something baby you're sure to like  
Got something mama you're sure to like  
Got something baby you're sure to like  
Ain't nothing but a harmonica Cadillac

Tell your Mama now won't be gone too long  
Tell your Mama now won't be gone too long  
Tell your Mama now won't be gone too long  
Just a come a running when you hear my horn

Got a bar in front, a waterbed in back  
Got a bar in front, waterbed in back  
Got a bar in front, waterbed in back  
I'll show something baby you're sure to like

Put the cruise on baby, hop in back  
Put the cruise on mama, hop in back  
Put the cruise on baby, hop in back  
We'll go so far we'll never come back

Well I got something baby you're sure to love  
Yeah got something mama you're sure to like  
Well I got something baby you're sure to like  
Ain't nothing but a harmonica Cadillac
